Changes in NSCIDs Directed by the National Security Council

Reference: IAC-D-105/18, 18 March 1958 (distributed
at IAC meeting on 18 March)

1. In response to certain changes suggested by the NSC, amendments to paragraph 17 of the new NSCID No. 1 and to paragraph 4 of NSCID No. 2 were considered at the IAC meeting on 18 March. An amended version of paragraph 4 of NSCID No. 2 was approved. However, only tentative agreement was reached on an amended paragraph 17 to NSCID No. 1, as final action was deferred until the next regular IAC meeting at the request of Mr. Roach:

NSCID No. 1, paragraph 17 (tentatively approved)

"17. The Director of Central Intelligence shall, in consultation with members of the Intelligence Advisory Committee and with other appropriate offices, ensure the development of policies, procedures, and practices for the protection of intelligence sources and methods from unauthorized disclosure. The Director of Central Intelligence is authorized to direct the Heads of the intelligence agencies, when appropriate, to request the initiation through suitable channels of an investigation of any apparent unauthorized disclosure of intelligence sources or methods and to report thereon."

2. The representative of the FBI has now suggested that the additional words "within their department or agency" be inserted in the tentatively proposed redraft of paragraph 17, NSCID No. 1, so that the second sentence would read as follows:

"The Director of Central Intelligence is authorized to direct the Heads of the intelligence agencies, when appropriate, to request the initiation through suitable channels of an investigation within their department or agency of any apparent unauthorized disclosure of intelligence sources or methods and to report thereon."

3. The following is the language agreed for NSCID No. 2, paragraph 4:

"The Central Intelligence Agency may collect abroad intelligence information in support of assigned functions or as a by-product of the assigned functions: Provided, That any such overt collection involves no undesirable duplication of any of the specific assignments in paragraphs 2 or 3 above, and is coordinated with the Department of State or with the Chief of Mission."
